

**The Daniel Pearl Foundation invites you to join us in promoting international friendship by dedicating a musical performance this October as part of Daniel Pearl World Music Days.**

**World Music Days is an “awareness raiser,” not a fundraiser. There is no financial obligation to participate.**

**How It Works – 2 Simple Steps**

1. Participating is easy. Just go to: [www.danielpearlmusicdays.org/register.php](http://www.danielpearlmusicdays.org/register.php) and create a User Name and Password, then register your upcoming performances scheduled between October 1- 15, 2007. Prelude and Encore events are also welcome. Your event information will be included in our online Events Calendar that receives both local and international exposure.
2. At your event - simply make a dedication from the stage or in the printed program supporting the theme of “Harmony for Humanity”. You may dedicate a single musical selection or an entire concert. Sample Dedications are available on the web site: [www.danielpearlmusicdays.org/dedications.php](http://www.danielpearlmusicdays.org/dedications.php)

Using the universal language of music to  
**diminish hatred  
respect differences  
and reach out in friendship**

We are joining thousands of musicians in hundreds of concerts and dozens of countries, ringing the world in a musical affirmation of the oneness of mankind.

After journalist and musician Daniel Pearl was kidnapped and murdered by terrorists in Pakistan, his family and friends came together to work towards a more humane world. A classically-trained violinist, fiddler and mandolin player, Daniel Pearl joined musical groups across the globe. He recognized the power of music to bridge differences and he used it to make friends and inspire understanding. Music Day is centered around his October 10th birthday and carries on his mission of connecting diverse groups through words and music.

In 2003, over 200 performances in 29 countries participated in the Second Annual Daniel Pearl Music Day. This year *Harmony for Humanity* will spread farther and ring louder.
